Words From The Field

I am always overwhelmed by my time in India...and this time is no exception. I am not quite half way finished and God is blessing so mightily. In this newsletter I want to share what has happened in Chennai as I was there teaching for three weeks. I have enclosed many testimonies, pictures, and quotes from Professors and students alike. **My goal in doing this is for you to see where your money is going, how it is being invested, and what a difference it is making. I hope you will be encouraged!**

Chennai metro area is the 35th largest in the world! It has a population of around 13 million. I usually teach in around 4-5 Universities while I am there and this time was no exception. I preached, taught, and sang at Hindustan Bible Institute, St. Christopher's College, Great Harvest Theological University, and New Calvary Church. I also taught an Ethics class with an emphasis on High and Low Christ-ology as well as teaching a group of Pastors and Lay Leaders from the state of Orissa that traveled to Chennai for teaching. It was a great honor and blessing to work here for the three

weeks I was there. I am heading back to Delhi as I write this to continue teaching in the University and Bible College there. **Please continue to be in prayer.**

Just to give you a picture of what is happening in this part of the world...while the church is growing extremely fast here we are reminded that the enemy does not like that. **Just in NE Delhi this morning many of the students home church was being raided by the Indian Police.** They were/are very worried for their friends and family. Please keep this in your prayers as well....All else I can tell you is that it is in the Janapuri area.

Your investment is needed, valuable, and being used. Please continue to give and pray as the year moves along. Our biggest financial month needs are coming up..April and the Fall. Thank you for continuing to be faithful to what God is doing in this part of the world.

Every Blessing,
Rev. Jon Barker

Chennai Testimonies

DR. MARY- Gurukul College

"We are indeed more blessed and enriched by rendering your immense help and contribution with skillful musical talents. On top of that, your level of humility is on a higher level. Many of our students also expressed their gratitude to you, as they learned not only to learn music and how to be good worship leaders but also a life of humility and sacrificial love from you. May God bless you with all the goodness of life wherever you go."

K.BILA-Hindustan Bible Institue

"Firstly I would like to thank you for giving us the opportunity to attend Sir Jon Barker's class. Attending his class was a great blessing for me and it made an impact and will be in my life. It is not just a mere class or information but also an experience filled with valuable life lessons on how a Christ follower should be. His teaching goes beyond mere theory, bridging the gap of theory lessons and practical application in my daily life. He explains things simple and clearly making it easy to understand by breaking down the complex words or by bringing many practical examples. The way he teaches is

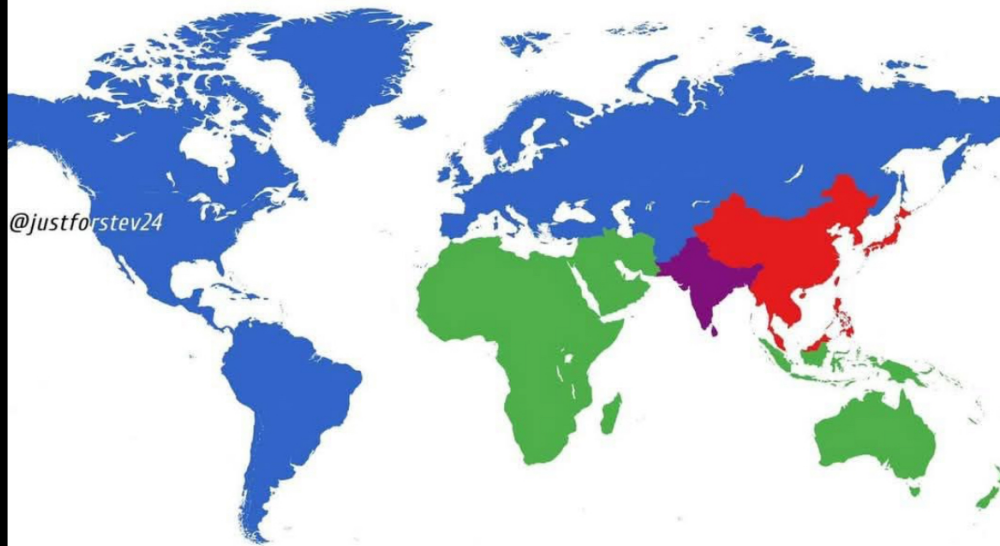

interesting and enjoyable. In addition he's also punctual, friendly and approachable. He also creates a comfortable environment where we feel encouraged to ask questions and overcome any fear of speaking up. He also engages in asking questions and interacting, keeping the students on the tract. I truly appreciate his passions and effort in making sure we learn and grow."

ILLAKIYA-St. Christopher's College

"The chapel service presented by Rev. Jon Barker, featured musical performance that complimented the worship experience, and added a profound sense of connection among the congregation. The combination of hymn and the music, served as a spiritual backdrop, resonating deeply in the soul of the students. We are thankful for this blessed service."

THE WORLD DIVIDED IN 4 EQUAL PARTS

2 BILLION PEOPLE

2 BILLION PEOPLE

2 BILLION PEOPLE

2 BILLION PEOPLE

UPDATES

1. I want to include a picture of how the world is broken down population wise. The lands of India, pre-1947 when the British divided it up consisted of Pakistan and Bangladesh...That is why this area consists of 2 billion people.
2. Please continue to give financially as we expanded close to 9 months.
3. As I hope you understood in the Christmas letter, I will be continuing in the mission field past the original three years.
4. If you know of any of your friends that would like to receive this digital newsletter...just send their email and we will add them to the list.
